About us

Manchester Central Foodbank is a busy Trussell Trust-affiliated food bank, with centres in Central, North, and East Manchester. We were established in Ardwick in 2013 by students at the Manchester Universities' Catholic Chaplaincy, making us the first student-led food bank in the country. Since then we have grown significantly, expanding our weekly sessions into Harpurhey and Openshaw.

Our core aims are to deliver the best quality support that we can to the largest number of our neighbours in need, while working with partners and influencing and organising at a neighbourhood and citywide level to reduce and end the need for food banks in Manchester.

We currently support 16,000 people per year with nutritionally balanced 3-day food parcels. This is double the number of people we supported in the first year following the Covid-19 pandemic, and four times the number supported in 2019. We also provide financial inclusion support with advice workers in public sessions, access to energy vouchers, SIM cards, and other voucher or material support. We coordinate across a network of 200 active front-line referral agencies with the aim of ensuring everyone who accesses our service has appropriate, specialised, and ongoing support alongside the material provision that we provide.

We are active leaders in anti-poverty organising and community development, as convenors of the citywide Building an Anti-Poverty Community collective and aim to be key shapers and influencers of new strategies and policies, working closely to support and influence local government, NHS, education and research agendas in Manchester and more widely building upon our track record of successful anti-poverty partnership work, social value impact and Parliamentary influencing. Care

Dignity

Quality

Partnership
